Description: SPO is working on a new solicitation to replace the existing EMMS contract. The new solicitation will be adding to the current EMMS contract additional scope of work will be divided into several categories in aide to assist the Arizona Department of Health in its need for analytical equipment maintenance and repair services. The new scope of work will include service of highly complex analytical instruments that requires qualified service engineers for maintenance and repairs. Vendors will have the opportunity to bid on all or some of the categories.

Categories: General Equipment (office equipment, laboratory, cafeteria, medical)  
Analytical Equipment (Highly complex analytical instruments)

Any agency which sees a potential use of these new services (Analytical Equipment Maintenance and Service) is encouraged to contact the procurement officer listed in this notice to discuss the agency's participation in a focus group to be held in the near future.

Your expertise and opinions are welcome and needed for the success of a more comprehensive service contract to serve statewide needs.
